

## Leasys UK and Octopus Electroverse Join Forces

- **Leasys UK and Octopus Energy's Electroverse partner to give customers access to over 620,000 chargers across the UK and Europe.**

Leasys UK and Octopus Energy's Electroverse are partnering to offer customers access to over 620,000 charging points across the United Kingdom and Europe.

Leasys is specialised in multi-brand operational leasing and innovative mobility solutions and Octopus makes public charging simple by offering a slick and easy charging experience through its award-winning electric vehicle (EV) public charging platform - Octopus Electroverse. The partnership will provide customers with the best mobility experience.

Octopus is leading the way with public charging innovation with its simple 'one card, one app' concept, giving drivers access to hundreds of thousands of charge points. Its EV roaming service for charging on-the-go removes the need for multiple apps and provides access to over 580 charge point brands.

Matthew Boswell, Leasys UK Country Manager said: *"We are very enthusiastic about the partnership with Octopus Energy's Electroverse, an innovative company with which we share our values. We both are client-focused, we both care about the environment, and both want what's best for our customers in terms of expertise and services to make their transition and journey to electrification an easy one."*
