Rome, 1 September 2021

To follow a highly successful summer, **Leasys** now continues its **LeasysGO! “Take it easy”** promotion **until 31 October**, offering customers the opportunity to take trips out of town, city breaks or weekends by the sea or in the mountains, conveniently using car sharing. This exclusive offer – valid from now to the end of October – means customers can rent one of the iconic zero-emission city cars from the LeasysGO! fleet for **only €29.99 per day**, down from the usual €43.50.

Signing up for the offer couldn't be easier: the promotional rate is activated automatically during car sharing, when you reach the ceiling of €29.99. When you do, you can carry on driving the LeasysGO! 500 BEV for **24 hours from when the rental began**, anywhere in Italy, at no additional cost and with no restrictions in terms of distance or supplements for extra mileage.

During the rental period, you can stop off and take the keys with you so you can open and close the doors. The car therefore remains **for the exclusive use of the driver**. You can also charge the car using the charging cable in the boot.

The offer is also valid for customers who **use the same car for several days**: the rate will be applied automatically, the same €29.99 every 24 hours. For customers with a prepaid subscription, the 24 hours will begin when their timed credit runs out.

"Take it easy" is a flexible, advantageous solution, designed to meet every need, from a meeting in the city to a weekend getaway. All with electric mobility and respect for the environment in mind.

Finally, LeasysGO! also offers **a sharing service to and from the airports** at Turin Caselle, Milan Malpensa, Milan Linate and Rome Fiumicino. Customers can pick up or drop off a car at the airport Leasys Mobility Store car parks, or at the car sharing hubs, with no extra fee payable for the service.
