

Leasys Miles long-term rental opens up to micro-mobility with the Nilox e-scooter

- **Leasys increasingly committed to integrated mobility: customers signing a long-term rental contract with Leasys Miles, the long-term pay-per-use rental plan voted Product of the Year 2021, will have a Nilox electric scooter included in the rental fee.**
- **Thanks to the Home Delivery service, the scooter will be delivered directly to your home.**

Rome, 19 July 2021

Leasys's long term rental business embraces **integrated micro-mobility**. The company, a **Stellantis** brand and a subsidiary of **FCA Bank**, is further expanding its range of mobility solutions, including the e-scooter in its services.

Starting from today, **customers who sign up for "Leasys Miles"**, the long-term "pay per use" rental plan elected Product of the Year* 2021 in the Car Services category, **will have a Nilox electric scooter**, one of the best known brands in the outdoor technology and smart mobility market, **included in the rental fee**.

Leasys thus achieved another milestone on its path towards **increasingly integrated and sustainable mobility**, covering the last mile of travel through the use of **smaller and more versatile vehicles**, such as electric scooters, to reach the final destination starting from the parking areas or through the restricted-traffic zones of large cities, without impacting city traffic and respecting the environment.

And, thanks to the **Home Delivery** service, the scooter can be delivered directly to the customer's home.

Perfect for home-work commutes and everyday use, the new Leasys integrated micro-mobility service combines practicality and environmental friendliness, without sacrificing flexibility and efficiency: ideal for lovers of **ecological mobility on urban routes**.

Leasys

Leasys, a Stellantis Brand and a subsidiary of FCA Bank, a 50:50 joint venture between Stellantis and Crédit Agricole, was established in September 2001. Leasys offers a complete and innovative system of mobility services to individuals, professionals and businesses of all sizes: from short, medium and long-term rentals to peer-to-peer car sharing via the U Go platform and I-Link. At the end of 2019, it launched the first car subscription service in Italy with CarCloud. With

the Clickar brand, Leasys is also one of the leading Italian online and offline retailers of pre-owned company cars to individuals, professionals and companies. Headquartered in Italy, Leasys began a process of internationalization in 2017 by opening multiple offices throughout Europe: today the company operates in Spain, France, the United Kingdom, Germany, Belgium, the Netherlands, Portugal, Denmark, Poland, Greece and Austria, managing a fleet that will have over 400,000 vehicles by the end of 2021. In June 2019, the company launched the Leasys Mobility Stores, physical outlets with a grassroots presence across Italy. The Stores, which provide customers access to all the mobility services provided by Leasys, are now available in France as well and will open soon also in the other European countries where the company is operational. With the launch of the first totally electrified Mobility Store in Torino Caselle airport, Leasys is on track to become a key operator also for sustainable mobility. In fact, thanks to the installation of over 1,200 charging stations in all the stores, at the end of 2020, Leasys had Italy's largest private electrified network. In 2021, the electrification project will continue also in the European countries in which Leasys operates. For more information: www.leasys.com

Nilox

Nilox is the Esprinet Group's outdoor technology brand. Thanks to constant investments in research and product marketing, Nilox is now one of the best known brands in the innovative sports and outdoor technology market. Having grown over the years to become the first Italian action cam brand in the world, and the second best-selling brand in Italy, Nilox is now one of the leading brands in the field of hi-tech electric mobility on two wheels. The success of the DOC Hoverboard was followed by the line dedicated to skateboards, pedal-assist bikes and electric scooters. The brand's portfolio also includes a range of business backpacks, with green models made of recycled plastic, as well as professional IT solutions. www.nilox.com
