

SUSTAINABLE MOBILITY LANDS IN FIUMICINO: INSTALLED THE FIRST FAST EV CHARGING STATIONS AT THE LEASYS MOBILITY STORE IN ROME'S LEONARDO DA VINCI

- *FCA Bank and its Leasys subsidiary, leading players in Italy's electric and sustainable mobility revolution, continue to invest in infrastructures, fleet and services.*
- *The Leasys Mobility Store in Fiumicino airport saw the installation, with Enel X's support, of the first 10 22-KW charging stations for Leasys's customers.*
- *Plans call for a total of 1,200 EV charging stations in the 400 Leasys Mobility Stores distributed throughout Italy by 2020 and for 60% of the fleet in the Stores to be made up of hybrid or electric cars by 2021.*
- *Thanks to the e-parking service available on mobilitystore.leasys.com, customers will be able to locate the nearest electrified Leasys Mobility Store with free EV charging stations.*

Turin, 17 September 2020

The **sustainable mobility revolution** sparked in Italy by **FCA Bank** and its **Leasys** subsidiary has achieved another important milestone with the installation of the first **10 fast EV charging stations** at **Leonardo da Vinci International Airport, Rome Fiumicino**.

The process undertaken is designed to disseminate a culture of sustainable mobility, thanks to an extensive infrastructure throughout Italy and through new rental and mobility offerings that include the alternate availability of electric, hybrid and traditional fuel vehicles.

FCA Bank and Leasys kicked off the project with the opening in Turin's Caselle airport the first totally electrified Leasys Mobility Store, out of the over 400 available in the main cities, airports and train stations in Italy. Plans call for the electrification of all the **Leasys Mobility Stores in Italy** by the end of 2020, for a total of **1,200 new EV charging stations** installed with **Enel X's support**, Leasys's partner in this initiative.

The upgrade of the Leasys Mobility Stores is part of a broader plan to **electrify also Leasys's fleet**, thanks to the new range of FCA vehicles, including the electric Nuova 500 as well as the plug-in hybrid Jeep Renegade and Compass 4xe. The objective is to have **60% of the fleet made up of either electric or hybrid vehicles** by 2021, with a significant reduction of CO₂ emissions.

With the launch of these new vehicles, Leasys developed new rental and mobility solutions, which include the alternative availability of electric, hybrid and traditional fuel vehicles, providing

benefits in terms of **sustainability** and **freedom of movement**, with access to restricted traffic zones in large cities.

One such solution is **Leasys CarCloud**, the first car subscription in Italy, which introduced the new **Renegade & Compass Plug-in Hybrid** program, the new and exclusive Jeep® product. With Leasys CarCloud Renegade & Compass Plug-in Hybrid, available for a fixed monthly fee of €479, subscribers will be able to drive, depending on their need, either a **Jeep® Renegade 4xe Plug-in Hybrid** or a **Jeep® Compass 4xe Plug-in Hybrid**, all available with the same subscription.

Both cars will be equipped with charging cables for connection to a domestic socket. Moreover, thanks to the e-parking service available on the CarCloud app and on the mobilitystore.leasys.com website, customers will be able to find the nearest Mobility Store with a charging station, so that they might go there and recharge their vehicle at no cost.

FCA Bank

FCA Bank S.p.A. is a bank engaging mainly in car finance, with the aim to meet all mobility requirements. It is an equally-held joint venture between FCA Italy S.p.A., a company of the global automotive company Fiat Chrysler Automobiles N.V., and Crédit Agricole Consumer Finance, a leading consumer credit company of the Crédit Agricole group. FCA Bank S.p.A. provides financing products to drive the sales of prestigious car brands in Italy and in Europe. The loan, lease, rental and mobility financing programs provided by FCA Bank S.p.A. are specifically designed for sale networks, private customers and corporate fleets. FCA Bank S.p.A. is operational in 17 European countries and in Morocco, directly or through branches. At 30 June 2020, FCA Bank had total assets of approximately 30 billion.

Leasys

Leasys SpA is a company founded in September 2001, wholly owned by FCA Bank Group, an equally held joint venture between FCA Italy SpA, and Crédit Agricole Consumer Finance. Leasys offers to private individuals, professionals and companies of all sizes, a complete and innovative range of mobility services, from long-term to short-term rental to peer-to-peer car-sharing through its U Go and I-Link platforms. At the end of 2019, it launched the first car subscription service in Italy with Leasys CarCloud. With the Clickar brand, it is also among the main Italian and European companies in online and offline used corporate car sales to private individuals, self-employed and companies. Headquartered in Italy, in 2017 Leasys started an internationalization process by opening different offices in Europe. It operates in Spain, France, United Kingdom, Germany, Belgium, The Netherlands, and Poland, managing a fleet of approximately 300,000 vehicles. In June 2019 Leasys inaugurated its Leasys Mobility Stores, physical outlets which are distributed extensively throughout Italy and have now been opened also in France. The stores, where customers can access all the mobility services provided by Leasys, will soon be available also in the other European countries in which the company is operational. With the recent launch of the first totally electrified Mobility Store in Torino Caselle airport, Leasys is on track to become a key operator also for sustainable mobility. In fact, thanks to the installation of over 1,200 charging stations in all the stores by the end of 2020, Leasys will have Italy's largest electrified network. In 2021, the electrification project will continue also in the European countries in which Leasys operates.
