

CAR SHARING GOES TO THE FAIR: LEASYSGO! IS NOW AT FIERAMILANO RHO AND FIERAMILANOCITY

- In Milan, Leasys is enlarging the operations of LeasysGO!, the car sharing service devoted to the electric New 500, with the construction of 32 new electric charging stations at the two exhibition venues, with parking spaces and columns, one open to the public (Fieramilano Rho), the other used solely by the fleet team for its EV charging activity (Fieramilanocity), for a total of about 500 Kwh on the two sites.
- A new electrified Leasys Mobility Store will also active at Fieramilano Rho.
- LeasysGO! is a free-floating service, with free and unrestricted parking and EV charging, the latter performed entirely by the fleet team.
- Since its launch in April, LeasysGO! has booked more than 60,000 rentals in Milan and saved 12 tons of CO₂ per month.

Turin, 29 June 2021

Two months after the opening to the public in Milan of **LeasysGO!**, the sustainable car sharing service dedicated to the electric New 500, **Leasys** aims to broaden its horizons by extending the service to the city's two exhibition venues. The company, a **Stellantis** brand and subsidiary of **FCA Bank**, today inaugurated **32 new charging points** with dedicated parking spaces and columns: **10 at Fieramilanocity**, which are used solely by the LeasysGO! fleet team for its charging activity and **22 at Fieramilano Rho**, which are open to the public, inside the complex, alongside Halls 1 and 2, for a total of **about 500 Kwh** on the two sites.

A new electrified Leasys Mobility Store has also been opened at Fieramilano Rho, where it will be possible to access all Leasys services and, with one's E-Mobility Card, to charge vehicles at no cost. As this is a free-floating car sharing service, **parking for the New 500s is free and without limitations or restrictions**, as is charging, a process managed entirely by the LeasysGO! team.

It will therefore also be possible for customers to find an electric New 500 always charged and ready for use at Fieramilano Rho, on one side, and to have a hub at Fieramilanocity where the LeasysGo! fleet team stands ready to charge it as needed, on the other . With the opening of the new charging stations and the new Store, Leasys's electrification strategy continues, making the LeasysGO! fleet available in two of the most visited and appreciated areas of the city.

LeasysGO! launched in Milan in April, with a fleet of over **400 cars** that is set to increase, **booking more than 60,000 rentals** and **saving over 12 tons of CO₂ per month***.

Leasys

Leasys, a Stellantis Brand and a subsidiary of FCA Bank, a 50:50 joint venture between Stellantis and Crédit Agricole, was established in September 2001. Leasys offers a complete and innovative system of mobility services to individuals, professionals and businesses of all sizes: from short, medium and long-term rentals to peer-to-peer car sharing via the U Go platform and I-Link. At the end of 2019, it launched the first car subscription service in Italy with CarCloud. With the Clickar brand, Leasys is also one of the leading Italian online and offline retailers of pre-owned company cars to individuals, professionals and companies. Headquartered in Italy, Leasys began a process of internationalization in 2017 by opening multiple offices throughout Europe: today the company operates in Spain, France, the United Kingdom, Germany, Belgium, the Netherlands, Portugal, Denmark and Poland, managing a fleet that will have over 400,000 vehicles by the end of 2021. In June 2019, the company launched the Leasys Mobility Stores, physical outlets with a grassroots presence across Italy. The Stores, which provide customers access to all the mobility services provided by Leasys, are now available in France as well and will open soon also in the other European countries where the company is operational. With the launch of the first totally electrified Mobility Store in Torino Caselle airport, Leasys is on track to become a key operator also for sustainable mobility. In fact, thanks to the installation of over 1,200 charging stations in all the stores, at the end of 2020, Leasys had Italy's largest private electrified network. In 2021, the electrification project will continue also in the European countries in which Leasys operates. For more information: www.leasys.com
