

LEASYS PRO, A LONG-TERM COMMERCIAL VEHICLE RENTAL SYSTEM, IS BORN

- **Designed for companies, small and medium-sized enterprises and self-employed professionals, Leasys Pro enables customers to rent a commercial vehicle with all the services included.**
- **Vehicles can be rented with trim levels already adapted to different professional needs, and can be customized and enhanced with additional accessories.**
- **Available models include: Fiorino, Doblò, Ducato, Jumper, Movano, Boxer, Partner, Berlingo and Combo.**

Rome, 24 September 2021

With a growth trend of 36%, also in 2021 commercial vehicle rental was reported as one of the main drivers of the entire automotive industry (source: Dataforce Italia). This is why **Leasys**, a Stellantis brand and a subsidiary of FCA Bank, is launching **Leasys Pro**, the new **long-term rental** plan that enables companies, small and medium-sized enterprises and self-employed professionals to hire **commercial vehicles, fitted out as well**, ready to be deployed in their business.

Leasys Pro combines the benefits of long-term rental with the practicality of the many commercial vehicles available: **Fiorino, Doblò, Ducato, Jumper, Movano, Boxer, Partner, Berlingo and Combo**. Spacious and practical vehicles, with great load capacity and low running costs, ideal for transporting goods.

Trim levels tailored to meet different professional needs can be associated with any commercial vehicle chosen. Among the many available, there are also three designed for the specific needs of shippers, plumbers and electricians. In addition, **each trim level can be customized and enriched** with additional accessories, thanks to Leasys's **specialist advice**.

Leasys Pro also includes **all the services you need** to drive with complete peace of mind (third-party liability, fire and theft, damage repair, as well as routine and non-routine maintenance), not to mention such additional **services** as roadside assistance, the possibility of requesting a replacement vehicle, **unlimited tyre change**, the I-Care infomobility service and the UMove app for managing Leasys services

Finally, in addition to the trim level and the dedicated specialist advice, this innovative solution provides a further advantage by giving customers the **right of first refusal** on the purchase of the vehicle at the end of the rental contract, based on the price quoted at the beginning of the rental period.

Leasys

Leasys, a Stellantis Brand and a subsidiary of FCA Bank, a 50:50 joint venture between Stellantis and Crédit Agricole, was established in September 2001. Leasys provides a complete and innovative system of mobility services to individuals, professionals and businesses of all sizes: from short-, medium- and long-term rentals to peer-to-peer car sharing via the U Go platform and I-Link. At the end of 2019, it launched the first car subscription service in Italy with CarCloud. With the Clickar brand, Leasys is also one of the leading Italian online and offline retailers of pre-owned company cars to individuals, professionals and companies. Headquartered in Italy, Leasys began a process of internationalization in 2017 by opening multiple offices throughout Europe: today the company operates in Spain, France, the United Kingdom, Germany, Belgium, the Netherlands, Portugal, Denmark, Greece, Austria, and Poland, managing a fleet that will have over 400,000 vehicles by the end of 2021. In June 2019, the company launched the Leasys Mobility Stores, physical outlets with a grassroots presence across Italy. The Stores, which provide customers access to all the mobility services provided by Leasys, are now available in France and Spain as well and will open soon also in the other European countries where the company is operational. With the launch of the first totally electrified Mobility Store in Torino Caselle airport in 2020, followed by many others, Leasys has become a key operator also for sustainable mobility. In fact, thanks to the over 1,000 charging stations installed in all the stores, Leasys has Italy's largest private electrified network. In 2021, the electrification project will continue also in the European countries in which Leasys operates. For more information: www.leasys.com
