The two companies launch an innovative kilometer-based voucher that provides **even greater charging freedom** to Leasys's mobility solutions.

The voucher, which is intended for both companies and individuals, includes **refueling** at all the charging stations of the public ALL-e network of Free2move eSolutions. The service is available with the long-term rental of an **electric New 500, a Jeep® Renegade and a Compass 4xe Plug-in Hybrid** and allows the inclusion of an **8,500 km** voucher (equal to about 1,115 kWh) in the rental rate for the iconic Fiat city car and **3,000 km** (equal to about 680 kWh) in the rental rates for the two plug-in hybrid models of the 4xe SUV range.

The voucher, to be used within one year of activation, can be obtained with the **Leasys Miles, Noleggio Chiaro and Leasys Unlimited** long-term rental plans. This is a further enhancement of the Leasys services devoted to sustainable mobility, that is the Leasys e-Mobility Card, which can be utilized to refuel vehicles free of charge at the Leasys network; cables for home and public charging; the e-Parking service.

To use the voucher, simply register on the [publiccharging.all-e.com](https://publiccharging.all-e.com) website and proceed with the activation. Once completed, you will be able to access the ALL-e app, so as to locate the nearest charging station and monitor your charging sessions.
