

ELECTRIC MOBILITY: LEASYS RENT INSTALLS 200 NEW CHARGING POINTS IN TURIN

- **The company, a subsidiary of FCA Bank, has expanded its charging network in the city, installing 200 new columns with a capacity of up to 22 kW.**
- **Leasys Rent and Leasys users will be able to park and charge their vehicles at no cost in the parking areas associated with the new charging points.**
- **In early 2022, the charging points will be available to everyone.**

Turin, 23 December 2021

Mobility in Turin gets increasingly electric. **Leasys Rent**, a subsidiary of **FCA Bank**, is expanding its charging network in the city by installing **200 new charging points**. This is a further step forward in the company's electrification strategy, providing users with new columns with power **of up to 22 kW**.

In the parking areas reserved for these charging points, Leasys Rent and Leasys users (with a short-, medium- or long-term rental contract) will be able to **park and charge their vehicles at no cost**. The points can be easily found through the UMove app and then used thanks to the E-Mobility Card, which is supplied on the entire fleet of electric and plug-in hybrid vehicles of the two rental companies.

By **early 2022**, the new charging points will also be available to all citizens, including customers of other operators, who wish to access the parking areas and charging points.

Leasys

Leasys, a Stellantis Brand and a subsidiary of FCA Bank, a 50:50 joint venture between Stellantis and Crédit Agricole, was established in September 2001. Leasys provides together with Leasys Rent, a complete and innovative system of mobility services to individuals, professionals and businesses of all sizes: from short-, medium- and long-term rentals to peer-to-peer car sharing via the U Go platform and I-Link. At the end of 2019 Leasys Rent launched the first car subscription service in Italy with CarCloud. With the Clickar brand, Leasys is also one of the leading Italian online and offline retailers of pre-owned company cars to individuals, professionals and companies. Headquartered in Italy, Leasys began a process of internationalization in 2017 by opening multiple offices throughout Europe: today the company operates in Spain, France, the United Kingdom, Germany, Belgium, the Netherlands, Portugal, Denmark, Greece, Austria, and Poland, managing a fleet that will have over 400,000 vehicles by the end of 2021. In June 2019, thanks to

Leasys Rent, the company launched the Leasys Mobility Stores, physical outlets with a grassroots presence across Italy. The Stores, which provide customers access to all the mobility services provided by Leasys and Leasys Rent, are now available in France, Spain, United Kingdom and Portugal as well and will open soon also in the other European countries where the company is operational. With the launch of the first totally electrified Mobility Store in Torino Caselle airport in 2020, followed by many others, Leasys Rent has become a key operator also for sustainable mobility. In fact, thanks to the over 1,000 charging stations installed in all the stores, Leasys has Italy's largest private electrified network. In 2021, the electrification project will continue also in the European countries in which Leasys Rent operates. For more information: www.leasys.com
