

## LEASYS UMOVE IS HERE. INTRODUCING THE NEW APP WITH ALL OF LEASYS'S MOBILITY SOLUTIONS WITHIN YOUR MOBILE'S REACH

- **The new app enables fast and intuitive access, including through smartphones and tablets, to the entire ecosystem of Leasys's mobility products and services.**
- **The app is designed to make also sustainable mobility hassle-free, thanks to the possibility to geolocate the Leasys Mobility Stores equipped with EV charging stations, where customer can charge their vehicle at no cost**
- **After Italy, LEASYS UMOVE will be made available in all the European countries where Leasys operates.**

*Rome, 30 November 2020* – **Leasys**, a subsidiary of **FCA Bank** and an integrated mobility operator, leader in long-term rental in Italy, announces the launch of **LEASYS UMOVE**, the new app that makes available, also on smartphones and tablets, all its products and innovative mobility solutions.

Available on iOS and Android, LEASYS UMOVE is ideal to meet the demands of consumer, who are increasingly oriented toward flexible and easy-to-use mobility services. Thanks to Leasys's innovative **digitalized solutions**, all of the Company's services are within your mobile device's reach, with the best offers and promotions available and an even more intuitive management of active services for existing customers.

In fact, the **Quick Link section** provides 12 rapid links that enable users to access all the Leasys platforms and applications, ensuring with a few clicks easy access to an **entire ecosystem of mobility services**, from short/medium/long-term rental to car sharing and CarCloud car subscription, to FCA Bank's financing solutions and Clickar's guaranteed online pre-owned vehicles.

With LEASYS UMOVE, also sustainable and electric mobility become hassle-free. In the Stores and Electrification section users will be able to **geolocate the Leasys Mobility Stores** operational in a given geographical area and identify those equipped with **EV charging stations**. Thus, customers will know right away **where they can charge at no cost** their electric or hybrid vehicle, thanks to the e-Mobility card provided by Leasys and the charging cable placed in rented cars.

With the LEASYS UMOVE card customers will be able to use all the services to manage their vehicle for the term of the contract:

- Request roadside assistance in case of breakdown
- Check whether they were served a fine
- "Find the car", in case of you forgot where you parked
- Activate the Leasys I-care service to locate the car, in case of theft
- View the summary of the journeys in the section "My journeys"
- Set up a GPS radar alarm in case of use of the vehicle by other family members (e.g. novice drivers)
- Access directly to the main contacts of the company (toll-free number and e-mail)
- Locate in the section "around me" any Leasys Mobility Stores, Leasys service centres and much more.

The new app will be initially **active in Italy**, and will eventually be launched in all the European countries where Leasys operates.

**Leasys**

*Established in September 2001, Leasys SpA is a wholly owned subsidiary of the FCA Bank Group, a 50:50 joint venture between FCA Italy SpA and Crédit Agricole Consumer Finance. Leasys offers a complete and innovative system of mobility services to individuals, professionals and businesses of all sizes: from short, medium and long-term rentals to peer-to-peer car sharing via the U Go platform and I-Link. Leasys CarCloud, the first Italian car subscription service, was launched in October 2019. With Clickar, a house brand, Leasys is also one of the leading Italian online and offline retailers of pre-owned company cars to individuals, professionals and companies. Headquartered in Italy, Leasys began a process of internationalisation in 2017 by opening multiple offices throughout Europe: today the company operates in Spain, France, the United Kingdom, Germany, Belgium, the Netherlands and Poland, managing a fleet of over 350,000 vehicles. Launched in June 2019, the Leasys Mobility Stores already have a grassroots physical presence across Italy. Now also available in France, the stores offer customers access to all the mobility services provided by Leasys. With the recent launch of the first totally electrified Mobility Store in Torino Caselle airport, Leasys is on track to become a key operator also for sustainable mobility. In fact, thanks to the installation of over 1,200 charging stations in all the stores by the end of 2020, Leasys will have Italy's largest electrified network. In 2021, the electrification project will continue also in the European countries in which Leasys operates.*
