

Leasys Rent launches Plug & Drive, the subscription to Jeep® Renegade and Compass 4xe Plug-In Hybrid

- **Introducing the monthly subscription dedicated to the two plug-in hybrid Jeep® models in the 4xe SUV range, the 2021 leaders in Italy in the "on tap" market.**
- **A flexible plan, designed to enter the Jeep world for driving freedom: Plug & Drive can be renewed monthly, up to 12 months, with the possibility to return the car, without penalty, even after the first 30 days.**
- **The subscription can be activated at participating Jeep dealerships and includes 1500 km per month and free charging at the Leasys Rent network.**

Turin, 7 February 2022

The spirit of adventure of **Jeep® Renegade and Compass 4xe Plug-In Hybrid** marries the flexibility of subscription plans. Introducing **Plug & Drive**, the innovative solution proposed by **Leasys Rent** to enter the Jeep world for driving freedom. The company, specialized in rental and subscription solutions, launches the first **monthly subscription** dedicated to the two plug-in hybrid models of the 4xe SUV range, leaders in 2021 in the Italian "on tap" market, which includes electric and plug-in hybrid cars. A supremacy confirmed also in January 2022 with a **record 19% share**.

The Plug & Drive subscription, which can be activated at the network of **Jeep dealers** with Leasys Rent mandate, can **be renewed monthly, up to 12 months**, with the possibility to return the car even after the first 30 days, without any kind of penalty. Subscribing is simple and convenient, as all it takes to access the plan is a **credit card**. Once the subscription has been completed, at a cost of €199 for Renegade and €299 for Compass, customers will be able to **choose or order their model** at the dealership and pick it up on the appointed day.

Each Plug & Drive subscription includes **1,500 km per month** and third-party liability (RCA), damage and theft insurance. In addition, **the car can be charged at no cost** at the electrified Leasys Rent network. All for a fixed monthly fee (€579 for Renegade and €599 for Compass), also payable online.

Designed to be **a tribute to the 4xe world**, the new formula combines off-road spirit and plug-in hybrid propulsion, typical of every model in the Jeep range, with the innovation and flexibility guaranteed by the car subscription solutions offered by Leasys Rent, in an ideal blend of freedom, driving fun and environmental sustainability.

In fact, Jeep's strategy for the energy transition does not only include the best of technology, but also prestigious partnerships, such as the one with Leasys Rent, to develop advanced services

and products aimed at drivers inclined to embrace the future of mobility, who need practical, tailor-made solutions for constantly evolving needs.

Leasys

Leasys, a Stellantis Brand and a subsidiary of FCA Bank, was established in September 2001. Together with Leasys Rent, Leasys provides a complete and innovative system of mobility services, ranging from short-, medium- and long-term rentals to peer-to-peer car sharing via the U Go platform and I-Link. At the end of 2019, Leasys Rent launched the first car subscription service in Italy with CarCloud. With the Clickar brand, it is also one of the leading Italian online and offline retailers of pre-owned company cars to individuals, professionals and companies. Headquartered in Italy, Leasys began a process of internationalization in 2017 by opening multiple offices throughout Europe: today the company is present in Spain, France, the United Kingdom, Germany, Belgium, the Netherlands, Portugal, Denmark, Greece, Austria, and Poland, operating a fleet that at the end of 2021 had over 450,000 vehicles. In June 2019, thanks to Leasys Rent, the company launched the Leasys Mobility Stores, physical outlets with a grassroots presence across Italy. The Stores, which provide customers access to all the mobility services provided by Leasys and Leasys Rent, are now available also in France, Spain, United Kingdom and Portugal and will open soon also in the other European countries where the company is operational. With the launch of the first totally electrified Mobility Store in Torino Caselle airport in 2020, followed by many others, Leasys Rent has become a key operator also for sustainable mobility. In fact, thanks to the over 1,000 charging stations installed in all the Stores, Leasys has Italy's largest private electrified network. In 2022, the electrification project will continue also in the European countries in which Leasys Rent operates. For more information: www.leasys.com

Jeep[®]

The Jeep[®] brand, the authentic SUV brand since 1941, is available in over 140 countries with a full line of SUVs for life's extraordinary journeys.
